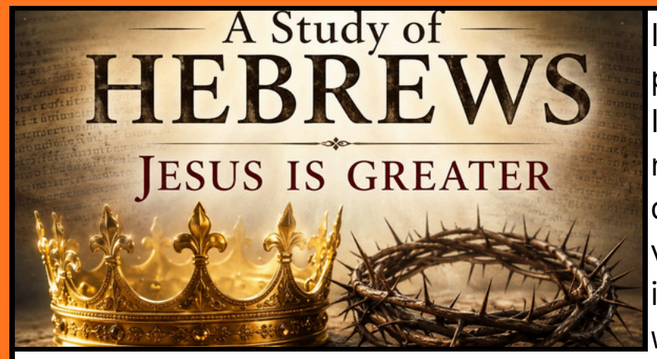
Disciple Notes

Week of November 23, 2026



I've often wondered about products that I've been using when I see an advertisement that it is now "New and Improved!" What does that mean about the old version I've been using for years? Is it old and inferior? Was something wrong with it and did it really need to be improved? Who made that decision? Nobody asked me. This is coming from a guy who has used the same razor for over 30 years. My basic philosophy is "If it ain't broke, don't fix it."

Sometimes, I think they slap on the "improved" label to get me to me feel better about paying more for the same thing I've always used. What did they do? Add a teaspoon more of this or an ounce less of that? Did the color change from blue to green? Is it really improved? I just want "old and the way it was". I know. That's pretty cynical. I think it comes with getting older.

But, when something really is better and I can see the difference, I'm all in. If something can make my life a little better or a little easier, I'm for it. Or, if it makes something possible that wasn't possible before, I'll give that some thought.

Have you ever experienced something like that? I can remember the first time I used a computer and when I first held a laptop in my hands. I knew that life as I lived it was about to change. Jesus is that kind of change. Life altering. Paradigm shifting. Totally and completely new and improved!

This week, we're going to talk about Hebrews 7 and the difference Jesus makes in our life as our Great High Priest. I hope you'll read and pray over this encouraging passage. We look forward to worshiping with you on Sunday and bring a friend. Have a great week!

In Christ,
David

On behalf of the Mize family, we would like to thank you for the food that the church prepared for us during the passing of our matriarch, Pam Mize. We are truly blessed to have a church family and their prayers during this time of grief.
