Disciple Notes

Week of April 6, 2026

When I worked at the school in what seems like a lifetime ago, we planted dogwood trees all over the campus. I guess I'm just partial to the blossoms that announce Easter and springtime each year. It brings a smile to my face when I see those pink, white, or deep pink blooms at the school or in yards around town during one of my walks. I just hate that those beautiful flowers

don't last a little longer.

When I was a young boy, my grandmother told me a mountain legend about the dogwood tree and the blossoms. According to her, the dogwood tree grew to be much larger long ago. It was strong and rugged with large trunks and limbs. Perfect for building things. In fact, so goes the legend, the dogwood was used to make the cross on which Jesus was crucified. Realizing that one of their own had been used to do such a horrible thing, dogwood trees refused to grow large any more and produced a blossom as a symbol of Jesus' crucifixion around Easter time each year. Each pedal on the blossom has a reddish spot as a reminder of the nails that pierced Jesus' hands and feet and the crown of thorns forced on His head. And, in the middle of the blossom is a patch of tiny flowers that remind us of that crown of thorns. (That's right. Those are the actual flowers.)

I know that's only a legend but it's a good reminder of the season and an excellent object lesson to share the good news of Jesus. I passed that story on to my grandchildren last year only to be pleasantly surprised when they asked me about it again this year. I hope you'll consider passing it along, too.

I encourage you to join us for worship this Sunday and bring a friend. Charlie Morris will bring the message this week. I know we'll all be blessed by what God gives Charlie to share with us. Have a great week!

In Christ,
David
